

# Be Aware. Be There.

The boiling water and burner depicted in this photograph were created digitally. At no time was the child placed in danger.

## Burns scar the lives of almost 800 children in Canada each year.

**On the stove, use back burners first and turn all pot handles to the middle.**

**To order replacement pads, please contact your respective health department at the phone number listed below**

Brant County Health Unit (519) 753-4937 ext 259
